

European Quality Label award by the European Union

The project **Erasmus+, KA2, Strategic Partnerships/Exchanges of Practices, EU-TOPIA+** was awarded the **European Quality Label** by the European Union. This project was implemented in the 2014-2017 triennium and the partner schools involved in it were the *Escola Básica e Secundária de Moimenta da Beira*, the *Castletroy College* (Ireland), the *Kadrina Keskkool* (Estonia), the *Istituto Tecnico Industriale Vittorio Emanuele III* (Italy), the *Marianum Staatlich Annerkannte Realschule* (Germany) and the *Karamanli Anadolu Lisesi* (Turkey). This award obviously made all the intervening students and teachers really happy because it was a recognition of all the work carried out together in the three years along which the project was developed and implemented in the above-mentioned schools.
